## 2 1/2 Inch Post Kit Welded Panel Picket System

Available in 4ft, 5ft, and 6ft panels

The traditional picket railing system with innovative convenience. This easy-to-install guardrail system meets IBC Engineering requirements and helps you save labor costs on the jobsite.

### Pre-welded panels provide easy installation

- **Picket length:** 4ft, 5ft, or 6ft panel lengths.
- **Picket height:** 36 or 42 inch rail height.
- **Picket style:** 2 1/2 inch post, 43 inch tall with cap.
- **Top rail style:** Standard square top rail.
- **Mount style:** Kit available for surface mounted systems. Top and bottom wall mounts.
- **Color options:** Kit available in Black, Textured Black or White.
- **Environmentally friendly:** Powder coated finish with no VOC's.
- **Made to last:** 20 year structural warranty and 5 year limited powder coating residential warranty
